NOTES

* - The President placed this funding in another account tha

** The House provided a total of \$22 million of additional funding for Investigations but did not indicate how much of that was to go to coastal studies and programs

The Senate provided additional funding for flod and storm damage reduction. Not all of this will go to coastal projects

The final bill contains Additional Funding for "Flood Damage Reduction" projects which can include beach nourishment but also includes levees and other projects. The total of additional funding for all Flood Damage Reduction projects has been included

*** See line items for Absecon Inlet, Atlantic City, NJ and CampEllis, Saco, ME

**** - Congress provided additional funding for flood risk management but did not specify how much of this total was for beach nourishment/shore protection projects. Therefore, the total funding is misl;eading until the final Corps Work Plan which reflects that specife amounts that were allocated to shore protection projects and studies.
